A "HOME BOY."

Sermon of Rev. Hay Watson Smith in Wilmington.

The Telegram is always pleased to hear favorable comment on the work of the young men who have gone out into the world from this city. They are in almost every profession and the ministry is most ably represented. In speaking of the Thanksgiving services last week the Wilmington Messenger speaks as follows of one of the talented young men of whom we may say with pride, "He is a home boy."

"Rev. Hay Watson Smith occupied the First Presbyterian pulpit, which he has been ably and most acceptably

filled. Rev. Mr. Smith called it a lecture, but it contained quite as much of the truth of the Bible as many pulpits contain that are called as sermons. He contrasted the small country of Palestine in its history and geographical formation with the great United States. He told several impressive resemblances, and incidentally and acceptably dropped a thought bearing upon some political aspect that was well based showing study and knowledge. The Messenger representative failed to take notes, and, therefore does not attempt to give any outline report of a well prepared, thoughtful, appropriate discourse, or lecture, as he prefers to call it. Mr. Smith shows mental training, a reflective mind, and the English of a scholar without pedantry has a distinct articulation, is clear in his arrangements, precise in his statements, forceful in presentation, and without effort at oratory or imaginative display, or rhetorical effect interests, instructs and perfectly holds his listeners from first sentence to closing period. He is a young minister of excellent promise, and an able son of a distinguished Presbyterian minister, the late Rev. J. Henry Smith, of Greensboro.

Big Timber Deal.

The Telegram learns today that Sam Smithman, of Montgomery, has just sold 1,800 acres of round pine timber near Troy to a lumber firm for the neat sum of \$35,000 cash. The timber only was sold, the title to the land remaining to Mr. Smithman.

Congressional Delays.

By Wire to THE TELEGRAM. Washington, Dec. 7 (House)—The resolution appointing officials elected by the minority caucus passed.

By unanimous consent it was asked to consider the financial bill on Monday, Richardson objected.

The death of Representative Green, of Nebraska, was announced. The house adjourned.

AT KIMBERLEY. Kimberley, Dec. 1 (delayed)—The Boers are massing around Spytfontein. They are continually being reinforced and are working hard piling stones, forming screens and digging rifle pits. They have behaved well, even offering facilities for the exchange of dead. Cecil Rhodes is employing fourteen hundred natives constructing a siege avenue which now stretches into the veldt. The enemy has not molested the laborers.

SCHRIENER'S TELEGRAM. Cape Town, Dec. 3.—A telegram from President Schriener to President Steyn, dated No. 17, protests against the invasion of Cape Colony by the Free State burghers. Schriener says the consequences will be upon Steyn's shoulders unless the move is stopped immediately.

Schriener afterwards reported to the magistrates that Steyn had repudiated the action of the commandants. There is much indignation at Schriener's message, which is regarded as unbecomingly a minister. The crown will communicate the protest to the queen's enemies.

BOMBARDMENT GROWING HOTTER. Ladysmith, Dec. 2 (delayed)—The Boer bombardment grows hotter. They are using thirty-two guns. They have smashed some of the English howitzers, thrown down tents and smashed horses. There are now 207 sick and 225 wounded here. One shell penetrated the hospital and scattered bullets among the patients.

YOUNG HEARD FROM.

After Weeks of Absence—His Movements Reported by Otis.

By Wire to THE TELEGRAM. Washington, Dec. 7.—Gen. Young has been heard from, after weeks of absence. Otis reports that Young has announced his arrival at Vigan on the evening of the 5th inst. He encountered a force of the enemy at Narbacan and drove them eastward into San Quentin. Gen. Young and his troops are now pressing them back. Six hundred prisoners who escaped reported that the insurgents allowed all but Americans and prominent Spaniards to escape from Bangud. Later the insurgents were driven to the mountains. Our casualties were one killed and twelve wounded. The enemy left in their trenches twenty dead.

Just Before Christmas Is Here.

Old December will soon bring Christmas around.

With its promise of presents and cheer.

All of the children are getting so good. The girls wash the dishes, the boys bring the wood.

And would do a great deal more if they could.

For Santa Claus soon will be here. The young men go around with strange, worried looks.

For they're all had to give up their "beer."

They must save their money to buy their best girls. (The ones who set their hearts all awirl.)

A ring that is set with a diamond or pearl.

For a present, when Christmas is here.

Young ladies you meet every day on the street.

With their arms full of bundles so queer.

And all of the men will get presents galore.

And each mail will bring them a great many more.

Such as slippers and neckties, until they are sure.

That Christmas soon will be here.

The merchants are looking so pleasant and nice.

Each one content in his sphere.

For each is "getting in goods" for his store.

So to please his customers he will be sure.

And you'll find it hard to get out of his door.

Just before Christmas is here.

Now young men and women, merchants and all.

Take my advice if you can;

To find where to go to buy the best things.

Such as neckties and gloves and diamonds and rings.

And all of the gifts that Christmas-tide brings.

Senator Pritchard is still in Washington. In company with Senator Ewart, who has arrived for the session, he called at the White House yesterday morning to see President McKinley about re-nomination to the judgeship.

Senator Pritchard is confident that Judge Ewart will be renominated, as is also Judge Ewart himself.

Mr. Rawlins, of Utah, offered the following resolution in congress yesterday and asked that it be considered immediately:

"That the committee on judiciary is hereby instructed to inquire into and report to the senate:

"First. To what extent polygamy is practiced or polygamous marriages are entered into in the United States or in places over which they have jurisdiction.

"Second. Have polygamists or persons reputed to have more than one wife, been elected to office by the people of Utah, and if so has such election been for the purpose of encouraging polygamy, or in violation of any compact between said state and the United States?

"Third. Have polygamists, or persons reputed to have more than one wife, been appointed to office by the president, by or with the advice and consent of the senate, and whether the concurrence of the senate is not required; and if so, have such appointments been made in aid of polygamy, or in violation of the compact between the United States and the state of Utah with reference to that subject?

"Fourth. What, if any, steps should be taken or measures enacted for the prevention of polygamy in the United States, and in places over which they have jurisdiction?"

This resolution is sent the case of the member from Utah.

The salutary arm of the government, when it jerks Roberts from his seat to which he was duly elected, should not rest. There's the Sultan of Sulu. What are you going to do with him?

He has a harem full of wives, which right of the Sultan's was recognized by McKinley when he made that treaty with the sultan, whose lands came under the sovereignty of this government. If it's lawful to hold office with a harem in the Philippine islands, which, according to the president's message, are ours "by every right of law and equity," and are thereby recognized as an American territory, it should be lawful to hold office at Washington with only three better-halves left at home in Utah.

Depose the sultan of Sulu, else let Roberts keep his office.

While polygamist Roberts is going to lose his seat in the lower house of representatives, he has a ready-made lot of brine in him which will give them some trouble before he is excluded from their councils. We would think that a man who can manage three wives successfully, as the Utah member appears to have done, would encounter no difficulty in controlling as comparatively docile a thing as the lower house.

NOT LIKE PAST ONES.

Mr. McKinley's message is vastly different from all messages sent to congress in the past in that it borders on the discussion of questions without the bounds of this republic and the realm of our rights. The entrance of America into the gigantic land-stealing business practiced by England, France and Russia inaugurates a new phase in message-writing. This fact is noticed by the London newspapers:

The Daily Telegraph says: "What differentiates the present from the past messages is its all but formal admission that the United States has been drawn into the eddies of eastern politics."

The Daily Mail says: "Commercial expansion is the dominating note of the message. Shipping subsidies are plainly hinted at. If congress carries these into effect British ship owners and shipping firms will have to break through all rigors and enter upon a new epoch of enterprise."

The Standard says: "The reference to 'entangling alliances' would probably have been omitted if a certain speech at Leicester had not been delivered. Probably Mr. McKinley's party and most Americans who are affected with industrial interests are most anxious to promote closer relations with Great Britain, but the Irish voters and the anti-expansionists have to be considered."

The Daily Chronicle says: "Towards Germany, Mr. McKinley's friendly expressions have quite a noteworthy emphasis and, if this is no shade cooler with reference to this country, we owe it to the nationality of the black-belt states to be checked."

The awful affair at Maysville, Ky., needs no comment. Such affairs have received ample, exhaustive discussion before. If some one would bring forward men by whom the actual crime of the black-belt states can be checked,

the victims sheltered till the law can administer formal but quick punishment, he would be a statesman indeed. But as long as such fiends incarnate as Sam Hose and Richard Coleman perpetrate their devilry, they must pay for it without any true white man's sympathy with just such a horrible ending of their miserable careers as the Maysville victim has just experienced.

The British censorship in South Africa seems to be quite a success—much more so than our own in the Philippines. The public is left in darkness concerning all that has happened between the British and the Boers since the battle of Modder River, absolutely no information coming from the scene of the hostilities. We Americans do catch flying reports occasionally of Aguinaldo, how many provinces separate him from his chasers, etc.

FUGITIVES FROM JUSTICE.

Armed to the Teeth When Put Under Arrest.

Martinsville, Va., Dec. 6.—Sheriff Robert Davis and Policeman Marshall arrested here last night Joe and John Mabe, brothers, citizens of Patrick county. They were fugitives from justice.

July last John Mabe shot at the sheriff of Rockingham county, N. C. Since that time they both entered a store at Westfield, N. C., and stole a lot of hardware.

Joe Mabe shot a man a short time since by the name of Henry Hundley at Nettie Ridge, Patrick county.

When the officers found them they were in bed at the house of John Hodge and had with them two double-barrel shot guns and two six-shooters.

MERCIER AS A SENATOR.

Dreyfus' Arch-Enemy Becomes a Candidate for Office.

Paris, Dec. 5.—A sensation has been caused by General Mercier becoming a Nationalist Conservative candidate for the senate.

This is generally regarded as a very foolish move. His opponents are sure to raise up all the various features of the Dreyfus case, so hurtful to him, as good political capital, and thus they will keep alive the memory of these facts, terribly damaging to both the general and the nationalist party.

The Temps today gives unstinted praise to the bravery of the British soldiers at the battle of Modder River, but declares that the officers expose themselves and their men to needless danger.

Schools Requested to Suspend.

Washington, Dec. 6.—The George Washington Memorial Association has made public a request that on December 14th, 1899, the centennial anniversary of Washington's death, all the schools of the land will suspend the regular order of exercises, at 11 o'clock, a. m., and devote 20 minutes to a memorial program, including a brief eulogy of the life and character of our first president, George Washington.

The Poet Burns.

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split," take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.

J. STERLING JONES, Manager.

It must be very gratifying to Mr. Roberts, of Utah, to know that there are so many people who want to share his family troubles with him.

Son of an Ohio Merchant Cured of Chronic Diarrhoea.

My son has been troubled for years with chronic diarrhoea. Sometime ago I persuaded him to take some of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Gaining a Wide Reputation.

As a cure for rheumatism Chamberlain's Pain Balm is gaining a wide reputation. D. B. Johnston, of Richmond, Ind., has been troubled with that ailment since 1862. In speaking of it he says: "I never found anything that would relieve me until I used Chamberlain's Pain Balm. It acts like magic with me. My foot was swollen and pained me very much, but one good application of Pain Balm relieved me. For sale by O. E. Holton, druggist."

De Tanque—"I never realized until last night the true meaning of the expression 'Art is long.'"

"How was that?" De Tanque—"I sat in the theatre until half-past 11, and in the middle of a row, where I couldn't get out between the acts."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful recovery from double pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

"One Minute Cough Cure is the best remedy I ever used for coughs and colds. It is unequalled for whooping cough, children all like it," writes H. N. Williams, Gentryville, Ind. "Never fails. It is the only harmless remedy that gives immediate results. I have used it on my children's colds, croup, croup and whooping cough, and all throat and lung troubles. Next Door to Express Office

THEY ARE GOING FAST.
THE GREAT INTRODUCTORY SALE OF PIANOS A GRAND SUCCESS.
Pianos Delivered in the City or to Outside Customers Every Day.
THEY ARE GOING AT ABOUT HALF PRICE.

So far the first few days of the introductory sale of pianos direct from the factory has been a grand success, several instruments being taken each day by customers in the city or shipped to outside towns. One was bought Monday by a gentleman from New Bern, N. C.; another from another city in the state. Both were free to express themselves as to the advantage in price and quality of pianos selected here. Why not, when we are selling them at about one-half the regular retail price.

No doubt there are many customers who think they can call here any time and secure one of these bargains. I could warn all such that we will not remain but a few days longer. We haven't enjoyed our home since last April, having been continuously on the road since then, and to stop in any town even to sell a dozen more pianos would be no inducement. If you care to take advantage of the proposition I make you, you must not delay. The goods are here. You can see them and select from a large, brand new stock, and it certainly is to your interest to do so at once if you care to save from \$100 to \$300 in the purchase of a piano. We offer today \$500 pianos in San Domingo mahogany, English oak, and cypress walnut, very largest size, hand carved panels, very finest made for \$289 to \$294.

\$450 same as above but not quite so high for \$258. A good second-hand piano for \$60. \$400 pianos, perfect gems, for \$228; \$255 pianos for \$96. The pianos offered are here for inspection and should you purchase one and find it not as represented, bring it back and get your money. If you find anything in the city any better bring it back. We propose to not only give you as fine an instrument as money and brains can produce but at a saving of enough to educate your family in music. Only one price to all alike. If on time we charge you 6 per cent. interest. Put \$25 in your inside pocket and come and see us if you have use for one.

The press room of the M. P. Publishing House was partially destroyed by fire this morning about 6 o'clock. A fire had been started in the stove at half past five and at the hour started the flames were discovered. The press and engine were only slightly damaged. The firemen promptly responded and the flames were quickly extinguished.

SUPERIOR COURT.

Business Starts Off With a Rush—A Short Charge.

Owing to the illness of his wife Judge George H. Brown could not reach this city to open court until this morning. However he is making up for lost time. The sheriff called court at 9:55 and at 10:10 the grand jury had been empanelled, charged and put to work. The judge stated that owing to the delay in beginning he could not take the time to give the usual charge, but with a brief statement of the duties of the grand jury he would put them to work.

The foreman of the grand jury is Mr. W. R. Davis. A few minutes after the grand jury retired the mill of justice began to grind and in about the time it takes to tell it J. H. Cook was sentenced to twelve months on the county roads for forgery. Cook is the man who forged a check in the name of J. F. Yates some time ago. He pleaded guilty and asked the mercy of the court. Judge Brown stated that he had received a letter from Cook's mother, who lives in Alexandria county, Va., and on account of the good woman he would like to let him off as light as possible. Cook stated that he was drunk and didn't remember anything about forging the check. He acknowledged he had not seen his wife in two years but had sent her money. He has a daughter nearly nine years old. Mr. Yates appeared and said he had no desire to prosecute defendant.

"Twelve months," said the judge, and the spectators thought Cook was lucky. J. L. Roberts, who passed bogus checks on Scott Brown at the McAdoo House and W. F. Clegg, at Clegg's Hotel, gets four years in the penitentiary.

A number of insignificant cases have been disposed of up to the time of going to press. Judge Brown permits no time killing.

Branch Office at Greensboro.

The Charlotte News of yesterday says: Architects Hayden, Wheeler and Schwend, who have been contemplating the opening of a branch office in Greensboro, have fully decided to take that step.

Messrs. Wheeler and Gates went to Greensboro this morning to complete arrangements for the opening. Mr. Gates will be in charge of the Greensboro branch.

The office will be located in the Southern Loan and Trust Company's building.

Greensboro Lumber Company.

Secretary of State Thompson yesterday incorporated the Greensboro Lumber Company. The following are the incorporators with the number of shares taken by each: M. W. Whyte, Welch, W. Va., 40 shares; Jake F. McNairy, Greensboro, N. C., 20 shares; John M. Stevens, Greensboro, N. C., 40 shares.

The business of the company will be the manufacture of lumber, sash, doors and blinds. The capital stock is \$10,000.

Mr. E. B. Jones to Marry.

Invitations have been issued for the marriage of Mr. E. B. Jones, a member of the well known law firm of Jones & Patterson, of Winston, and Miss Susie Barbour, of Falmouth, Ky., at the home of the bride on the 21st inst. The couple will be at home in Winston after January 8th.

Death of an Infant.

Henry Albert Gibson, Jr., three months-old son of R. H. A. Gibson and wife, of this city, died yesterday at 2:55 a. m., of whooping cough and pneumonia. The funeral services were attended by Rev. Peeler, assisted by Rev. Jordan at 3:00 p. m. yesterday.

ANOTHER DEATH.

This Time Miss Pattie Bobbitt Passes Over the River.

The grim reaper has claimed another fair victim at the State Normal and Industrial College. Last evening about six o'clock, Miss Pattie Bobbitt succumbed to the ravages of fever. She was attended by her father and mother, of Newbern. In her last hours, and this morning they carried the precious remains home for interment.

The father of the deceased young lady is Hon. C. M. Bobbitt, an ex-member of legislature. Besides Mr. and Mrs. Bobbitt, Prof. Joyner and Miss Viola Boddie accompanied the remains as far as Goldsboro today.
